WORK EXPERIENCE

07/2022 – 01/2024 Porto, Portugal

Software developer Teya

At Teya, I played an essential role in a website builder project, assuming various responsibilities, including:
- Developing integrations with vendors to enhance website functionality and efficiency.
- Enhancing the visual aspect of the website, with a focus on user experience and attractive design.
- Proactively identifying and resolving bugs, ensuring software quality and stability.
- Actively participating in small projects dedicated to migrating to Teya's infrastructure, allowing me to work with technologies like Docker, Kubernetes, and Helm.
- Developing PHP APIs using the SlimFramework framework to facilitate communication and data transfer.
- Contributing to the development of a tool for migrating multitenant databases to single tenant, optimizing operational efficiency.

My experience at Teya involved a wide range of technical responsibilities, from website development to project management in a dynamic and challenging environment

05/2022 – 07/2022 Rua Do Bairro Afonso Costa nr 68 loja esq, 2910-413 Setúbal, Portugal

Software developer IT SQUARE, Lda.

My introduction to ITsquare was facilitated through a personal connection, which led me to work as a freelancer with the company. During my time at ITsquare, my main focus was on rectifying issues within the 'Square Hub' project.
- My consistent efforts in identifying and addressing issues within the 'Square Hub' project played a crucial role in improving the quality and stability of this specific software.

01/11/2019 – 07/2022 Maia, Portugal

Software developer Rangel Logistics Solutions

At Rangel, I had a significant role as a member of the development team, focusing on improving software systems and helping train new team members. My main responsibilities included:
- Developing new features and integrating systems using best programming practices in languages like C#, Angular, and TIBCO.
- Actively identifying and fixing software bugs and issues, which improved software quality and stability.
- Assisting in the development of new team members by providing valuable guidance and mentorship to interns, aiding in their professional growth.
